

## **PARTICIPANTS NEEDED FOR RESEARCH EXPLORING SOCIAL CONNECTIVITY IN CONTEXT OF COVID-19 AND LONG-TERM CARE**

We are looking for volunteers to take part in a study which aims to understand **family members'** experiences and support needs when being separated from family members who are residents of a long-term care home during the current COVID-19 pandemic. If you are a **family member of a resident** who is currently or has at some point been living in a long-term care home during the COVID-19 pandemic you are eligible to participate in this study.

If you are interested and agree to participate you would be asked to participate in an interview using Zoom or through the telephone. We would ask you questions about how you have connected with your loved one during the COVID-19 pandemic.

Your participation would involve one approximately fifty-minute interview session.

In appreciation for your time, you will receive a \$25 e-gift certificate to President's Choice.

For more information about this study, or to volunteer for this study, please contact:
