The PoET (Prevention of Error-Based Transfers) Project is an ethics quality improvement project that has successfully sustained a 68% reduction in repeated end-of-life transitions of LTC residents between care settings in the CW LHIN. PoET Supports LTC homes to bring habits and practices more closely in line with Ontario's Health Care Consent Act.

This free 1 hour interactive info session will provide an overview of the PoET Project, and a walk-through of what implementation and evaluation might look like in your home. There will be time for Q&A with the team.

(Clockwise from top left)
